Waratah Coal Pty Ltd
Mining Tenement Services
GPO Box 215
Brisbane Qld 4001

Dear Sir/Madam

APPLICATION FOR MINING LEASE NO.70454

I refer to the document lodged by you as an application for a mining lease on 30 May 2011.

Under section 81 of the *Mineral Resources Regulation 2003*, I have accepted the document as an application for a mining lease. In any future correspondence with the Department please quote the above mining lease number.

It is suggested that you durably mark or engrave the mining lease number on each corner post subject of the application. Please note that the name and date already marked on the posts must remain there until the close of objections.

In the meantime mining activities are not permitted on the application area.

The application area encroaches over Authority to Prospect (Petroleum) 668.. Your compliance with Part 7AA in particular section 318AT of the *Mineral Resources Act 1989* is required.

Further advice regarding the progress of your application will follow in due course.

Yours faithfully

K.M. Hudspith
